

Open Citizens' Network

Did you know that the wireless panOULU network is accessible free of charge in Oulu? You can use it with a WLAN compatible laptop, PDA or mobile phone.

The panOULU network covers areas such as the Market Square, downtown Oulu, the City Library, the Ice Hall in Raksila, and many other public service facilities in Oulu. The network is already being used by thousands of users.

Using the network does not require a user ID or registration.

Unplug yourself!

Use it now!

1. Go to an area covered by the panOULU network.
2. Activate the WLAN card in your device.
3. Activate automatic network search.
4. Make sure that network name (SSID) is panOULU.
5. Go on-line.

You can send e-mail via server smtp.panoulu.net

The wireless connection provided by the panOULU network is unprotected. You can obtain a secure connection by using SSH or VPN.
